EXPERIENCE

Sigmen Technologies Solutions | Intern

Kolkata | May 2022 - July 2022

- During My Internship I developed RESTful APIs using Python Flask framework for efficient data communication and interaction with external systems.
- Participated in the integration of APIs with cloud-based systems, leveraging Dell Boomi platform for seamless data integration and workflow automation.

SKILLS

Programming Languages: C, C++, Java, Python, HTML & CSS, JavaScript
Libraries/Frameworks: Flask, Node.js, Express.js, Bootstrap
Tools / Platforms: Linux, Dell Boomi, Git & Github, Postman
Databases: MySQL, PostgreSQL

PROJECTS / OPEN-SOURCE

Portfolio using HTML, CSS and JavaScript | [Link](#)

- A sleek and interactive portfolio website to showcase my skills, projects, and experiences in a visually appealing and user-friendly manner.

My Blog - A Minimal Blog website | [Link](#)

- A basic blog site built with Node.js and Express.js. It supports post creation, editing, and deletion. The project demonstrates backend skills with Node.js and Express, handling routing, middleware, creating a functional and user-friendly blogging platform.

Simon - Web based game using JavaScript | [Link](#)

- A web-based game built with JavaScript, HTML, and CSS. Features include an interactive interface, sound effects, and increasing difficulty levels, showcasing skills in JavaScript, DOM manipulation, and event handling.
