EXPERIENCE

IEMA Research & Development Private Limited | SDE-Intern

Kolkata | Oct 2024 - Present

- As a software developer intern, I actively contribute to an Access Management System project, leveraging Node.js and MongoDB to implement efficient backend solutions.
- Additionally, I am expanding my skill set by learning WordPress to fulfil specific project requirements and ensure adaptability in diverse development tasks.

Sigmen Technologies Solutions | SDE-Intern

Kolkata | May 2022 - July 2022

- During My Internship I developed RESTful APIs using Python Flask framework for efficient data communication and interaction with external systems.

SKILLS

Programming Languages: C, C++, JavaScript, HTML & CSS, Java, Python

Libraries/Frameworks: Node.js, Express.js, Bootstrap, Flask

Tools / Platforms: Postman, Git & Github, Linux, Npm, Framer

Databases: MySQL, PostgreSQL, MongoDB

PROJECTS / OPEN-SOURCE

Login System | [Link](#)

- A login system built with Node.js, Express.js, and PostgreSQL, featuring Google OAuth2 authorization for secure user authentication. Users can sign in using their Google accounts, with credentials stored in a PostgreSQL database, ensuring efficient session management and data security.

My Blog - A Minimal Blog website | [Link](#)

- A blog site built with Node.js and Express.js, supporting post creation, editing, and deletion, showcasing backend skills and routing to create a functional, user-friendly platform.

CERTIFICATIONS

- Postman API Fundamentals Student Expert - **Postman**
- Hands-on Introduction to Linux Commands and Shell Scripting - **Coursera**
- AWS Cloud Practitioner Essentials - **Coursera**
