Howrah, West Bengal, India

July 2018 - June 2020

### New Andul Higher Class School

Degree in Secondary

Percentage: 62.8%

Howrah, West Bengal, India

Jan 2017 - June 2018

## EXPERIENCE

---

### Sigmen Technologies Solutions | Intern

Kolkata | May 2022 - July 2022

- During My Internship I developed RESTful APIs using Python Flask framework for efficient data communication and interaction with external systems.
- Participated in the integration of APIs with cloud-based systems, leveraging Dell Boomi platform for seamless data integration and workflow automation.

## SKILLS

---

Programming Languages: C, C++, Java, Python, HTML & CSS, JavaScript

Libraries/Frameworks: Flask, Node.js, Express.js, Bootstrap

Tools / Platforms: Linux, Dell Boomi, Git & Github, Postman

Databases: MySQL, PostgreSQL

## PROJECTS / OPEN-SOURCE

---

### Login System | [Link](#)

- A login system built with Node.js, Express.js, and PostgreSQL, featuring Google OAuth2 authorization for secure user authentication. Users can sign in using their Google accounts, with credentials stored in a PostgreSQL database, ensuring efficient session management and data security.

### My Blog - A Minimal Blog website | [Link](#)

- A blog site built with Node.js and Express.js, supporting post creation, editing, and deletion, showcasing backend skills and routing to create a functional, user-friendly platform.

### Portfolio using HTML, CSS and JavaScript | [Link](#)

- An interactive portfolio website showcasing my skills, projects, and experience in a sleek, user-friendly design.

### Simon - Web based game using JavaScript

- A web-based game using JavaScript, HTML, and CSS with sound effects and interactive gameplay.

## CERTIFICATIONS

---

- AWS Cloud Practitioner Essentials - **Coursera**
- IBM Machine Learning - **Coursera**
